OUR AREAS OF WORK

On-Campus Solutions

We help campuses get nourishing meals to students through our menu of innovative and sustainable programs. From guidance and funding opportunities for campus pantries/hubs to swipe drive meal donation programs, we're here for our partners.

Policy + Advocacy

We work with student advocates on-the-ground to advance state-based legislation like the Hunger Free Campus Bill and support other federal legislation to end student hunger. We mobilize and train students to be basic needs champions.

Community Building

We welcome and engage with students, campus administration, legislators, organizations, and other stakeholders to join our growing coalition. We connect our community members with one another to learn, evolve, and collaborate through our digital community platform, in-person convenings, and peer-to-peer learning opportunities.
